Mrs. Bickett's Second Grade Note

Bible: We are in Bible unit 4. This unit will teach us how Israel got a king. We will learn about Ruth, Samuel, Saul, Jonathan and David. We will recite Romans 10:13 this Friday. We have been working on it since last week.

Phonics and Language: We are continuing to learn about adding suffixes to root words. When a root word ends with a single consonant and the vowel is short, the consonant is usually doubled before adding a suffix beginning with a vowel. When a root word ends with a silent e, the e is usually dropped before adding a suffix that begins with a vowel. We will continue to identify declarative, interrogative, and exclamatory sentences. .

Spelling: We are studying list 11 words. Spelling test 11 will be given next Friday, November 13th. Bonus words are: Earth, hurricane, planet, Jupiter, and thunderstorm.

Math: This week we are learning the 13 subtraction fact family & the 14 addition fact family.We will continue to count different money combinations, tell time, read thermometers, and measure to the inch and half inch.

History: We are learning about inventions that changed the world.

Handwriting: We have started learning cursive. So far we have learned A, and E. We will learn I this week.

Mrs. Odell's Fourth Grade Note

Psalm 8 is still our focus for Bible memory. We are starting a week of lessons about our sin nature, so Romans 3:23 is also on our minds.

We will begin list 12 in spelling today. We are continuing the chapter in history about colonial life. We will continue our study of birds in science.

Thank you for considering the shoebox contributions! We are still working on filling a few boxes. This is our first step toward "giving" for this season. Next will be the hats and mittens that we will deliver to the home extension, and I will send home requests for ingredients when we return from Thanksgiving. Those will be used to make simple recipes in the classroom that we bag up and give to our special friends!!

Mr. Clausen's Fifth Grade Note
